

The Stephen James
Partnership

PRIVACY & COOKIE POLICY

PRIVACY POLICY

The purpose of this policy is to give clear indications on how The Stephen James Partnership processes your personal data when you visit the website. It also gives information with regards to the way personal data is being processed when you submit a request to be contacted by us in the "contact us" and "work with us" section of our website.

DATA PROTECTION LAWS

We process your personal data in line with UK laws and regulations, more specifically The General Data Protection Regulation that will be effective on the 25th of May 2018.

CONSENT

Where required for the purpose of processing, we will seek your consent to process.

PERSONAL DATA COLLECTED

We gather a certain amount of personal data from the website. The data that we collect is the data that you submit on the contact form in the "contact us" and "work with us" section of our website. The CV you submit to us in the work with us section may contain special categories of data pertaining to but not limited to racial origin, religious beliefs, political affiliation, health or biometric data.

DATA USAGE

The data you provide helps us understand what you are looking for from the company and it helps us understand your needs so that we can provide you with appropriate information.

The following information details how we use the data that

you have submitted to The Stephen James Partnership through the "contact us" or "work with us" forms:

- Contact you with regards to the query you have submitted
- Provide your information to 3rd parties to find an appropriate job role
- Enrol you as a client
- Offer you services and products that are appropriate with regards to your needs

THIRD PARTIES AND OVERSEAS TRANSFERS

When your personal data needs to be transferred to an overseas country that is not part of the EEA (European Economic Area), we will always ensure that there are adequate levels of protection and a similar legislation with regards to data protection. Each country might have different laws and regulations with regards to data protection, however we will always ensure that the country and/or organisation of destination always has appropriate measures in place to safeguard your data.

DATA SECURITY SAFEGUARDS

We have put in place several technical and organisational measures aimed at protecting the confidentiality, the integrity and the availability of your personal data.

All the endpoints of the company are protected with antivirus, anti-malware and firewall protection.

Encryption technology is in use to protect the integrity of the personal data we process. Encryption prevents data from being easily accessible and recoverable in the event of theft or computer misuse.

A password policy is currently in place to ensure that the data stored on our systems is only accessible to authorised personnel. The passwords are changed on a regular basis.

We regularly make backups of our data to ensure that it is readily available in the event of technical problems or disaster recovery.

YOUR RIGHTS

In order to exercise your rights, please contact Jane Gleeson on janey@thesjp.co.uk, or 99 Bishopsgate, London, EC2M 3XD.

THE INFORMATION COMMISSIONER'S OFFICE

If you would like to learn more about the General Data Protection Regulation, you can visit the ICO's website by following this link: <https://ico.org.uk>

You can also find an overview of the GDPR following this link: <https://ico.org.uk/for-organisations/data-protection-reform/overview-of-the-gdpr/>

COOKIE POLICY

WHAT IS A "COOKIE"?

This website uses cookies. Cookies are small text files that are placed on your computer by websites that you visit. They are widely used in order to make websites work, or work more efficiently, as well as to provide information to the owner of the site.

When you visit our website for the first time, a cookie is automatically stored on your computer. This "cookie" stores information about how our website is used. The information gathered about website usage is never used to track individual user, to identify them or to profile them for marketing purposes.

The main objective of cookies is to provide us with data that we can use to improve our website in order to provide you with a better service.
